

RESOLUTION NO. 2017-070

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELK GROVE
AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT FOR ACQUISITION
OF FEE INTEREST, PEDESTRIAN AND UTILITY EASEMENT AND TEMPORARY
CONSTRUCTION EASEMENT FOR PROPERTY LOCATED AT 8296 POPPY RIDGE ROAD
[A PORTION OF APN(S) 132-0050-044; 132-0050-052; AND 132-0050-091]; TOGETHER
WITH RELOCATION ASSISTANCE CLAIMS AND PAYMENTS ASSOCIATED WITH THE
NEW GROWTH AREA INFRASTRUCTURE PROJECT (CEQA EXEMPT)**

WHEREAS, in support of the master development plan for Southeast Policy Area ("SEPA"), and buildout of Laguna Ridge Specific Plan ("LRSP"), the City proposes to construct the New Growth Area ("NGA") Project; and

WHEREAS, the NGA Project includes the construction of the Laguna Ridge South Lift Station; the Big Horn Boulevard Extension; and the Bilby Road Extension; and

WHEREAS, the Big Horn Boulevard Extension ("Project") proposes to construct the inside lanes and median, including water and sewer trunk lines and joint trench for electrical, gas, and telecommunications, whereby the developer is responsible for constructing the frontage lanes and landscape corridors; and

WHEREAS, State CEQA Guidelines Section 15183 (Public Resources Code §21083.3), (Consistency with a General Plan, Community Plan or Zoning for which an EIR was prepared), provides that projects that are consistent with a Community Plan, General Plan or Zoning for which an EIR has been certified "shall not require additional environmental review, except as might be necessary to examine whether there are project-specific significant effects which are peculiar to the project or its site."; and

WHEREAS, a previous Environmental Impact Report ("EIR") was certified for the Laguna Ridge Specific Plan (SHC 2000082139); and

WHEREAS, the proposed Project is consistent with the ultimate buildout of LRSP by providing a portion of the backbone infrastructure required, therefore, there are no effects peculiar to the Project, or substantial new information, that would result in new or more severe impacts than discussed in the prior EIR; and

WHEREAS, on June 8, 2016, City Council approved resolutions authorizing the issuance and sale of special tax bonds on behalf of Community Facilities District ("CFD") No. 2005-1 ("Series 2016") for the Laguna Ridges Specific Plan Area, to fund backbone infrastructure; and

WHEREAS, the benefit of these improvements is that they provide access and circulation to areas of LRSP as well as providing a secondary point of access to some of the employment areas of SEPA, along with necessary sewer facilities for the buildout of LRSP as well as the majority of SEPA; and

WHEREAS, on February 8, 2017 City Council directed staff to proceed with negotiations for 8296 Poppy Ridge Road, a portion of Sacramento County Assessor Parcel Number(s) 132-0050-044; 132-0050-052; and 132-0050-091 ("Property"), for the

acquisition of property rights required for the Big Horn Boulevard Extension segment of the New Growth Area Infrastructure Project, including the removal of the single family residence and appurtenant improvements ("Improvements"); and

WHEREAS, City staff has negotiated the partial acquisition from the Property with Backer Family Limited Partnership ("Owner"), including the single family residence and detached garage, in the amount of \$482,000; and

WHEREAS, Kyle Backer and Megan Tillis ("Tenant") currently occupy the property; the City's acquisition of the Property requires the relocation of Tenant, which estimated relocation assistance claims are not expected not to exceed \$35,000; and

WHEREAS, Owner requested the option to salvage and relocate the Improvements, at Owner's sole expense and liability, resulting in a savings of construction costs to the City, by eliminating the need to demolish the Improvements; and

WHEREAS, the proposed settlement is consistent with the City's General Plan and in compliance with Elk Grove Municipal Code Section 3.42.300(B) and California Government Code Section 65402(a) as determined by the Planning Commission by Resolution No. 2016-18; and

WHEREAS, the purchase of the Property will be funded through a combination of the City's Roadway Fee Fund and Laguna Ridge CFD proceeds; and

WHEREAS, the California Environmental Quality Act (Section 21000, et. seq. of the California Public Resources Code, hereinafter referred to as CEQA) requires analysis of agency approvals of discretionary "projects". A "project", under CEQA, is defined as "the whole of an action, which has a potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment."

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Elk Grove hereby finds the acquisition of the subject properties exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Public Resources Code Section 21083.3 and State CEQA Guidelines Section 15183 (Projects Consistent with a Community Plan, General Plan and Zoning) based upon the following finding:

Finding: No further environmental review is required pursuant to Public Resources Code Section 21083.3 and State CEQA Guidelines Section 15183.

Evidence: Public Resources Code Section 21083.3 and State CEQA Guidelines Section 15183 (Projects Consistent with a Community Plan, General Plan and Zoning), provide that for projects that are consistent with a community plan, general plan and zoning, where an Environmental Impact Report has been certified "shall not require additional environmental review, except as might be necessary to examine whether there are project-specific significant effects which are peculiar to the project or its site.". The proposed action involves the acquisition of right-of-way within the Laguna Ridge Specific Plan, for which an Environmental Impact Report was prepared ("LRSP EIR"),

and was certified by the City Council on June 16, 2004 (State Clearinghouse No. 200008139). The acquisition will further the ultimate buildout of LRSP by providing a portion of the necessary right-of-way and backbone infrastructure identified in the Plan.

Additionally, State CEQA Guidelines Section 15162 (Subsequent EIRs and Negative Declarations) requires that when an EIR has been certified for an adopted project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in light of the whole record, that one or more of the following exists:

- 1) Substantial changes are proposed in the project which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;
- 2) Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or
- 3) New information of substantial importance, which was not known and could not have been known with exercise of reasonable diligence at the time of the previous EIR was certified as complete shows any of the following:
 - a. The project will have one or more significant effects not discussed in the previous EIR;
 - b. Significant effects previously examined will be substantially more severe than shown in the previous EIR;
 - c. Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project, but the project proponents decline to adopt the mitigation measure or alternative; or
 - d. Mitigation measures or alternatives which are considerably different from those analyzed in the previous EIR would substantially reduce one or more significant effects on the environment, but the project proponents decline to adopt the mitigation measures or alternative.

Staff has reviewed the Project and analyzed it based upon the above provisions in Section 15162 of the State CEQA Guidelines. The Project is being undertaken pursuant to and in conformity with the approved the Laguna Ridge Specific Plan. There are no substantial changes in the Project from that analyzed in the 2004 EIR and no new significant environmental effects, or substantial increase in the severity of previously identified significant effects. No new information of substantial importance has been identified. Further, since no changes to the EIR are necessary to support the Project, the City is not required to prepare an Addendum to the EIR as required by State CEQA Guidelines Section 15164. Therefore, the prior EIR is sufficient to support the proposed action and no further environmental review is required.

AND, BE IT FINALLY RESOLVED, that the City Council of the City of Elk Grove authorizes the City Manager to execute an Agreement for Acquisition of Fee Interest, Pedestrian and Utility Easement and Temporary Construction Easement with Backer Family Limited Partnership for the acquisition of a portion of the property located at 8296 Poppy Ridge Road, including removal of the single family residence and appurtenant improvements, together with relocation assistance claims and payments, for a portion of Sacramento County Assessor Parcel Number(s) 132-0050-044; 132-0050-052 and 132-0050-091 all in a total amount not to exceed \$521,000.

PASSED AND ADOPTED by the City Council of the City of Elk Grove this 12th day of April 2017.

STEVE LY, MAYOR of the
CITY OF ELK GROVE

ATTEST:

JASON LINDGREN, CITY CLERK

APPROVED AS TO FORM:

JONATHAN P. HOBBS,
CITY ATTORNEY

CERTIFICATION
