4.0 REGULAR AGENDA ITEMS/POSSIBLE RECOMMENDATIONS

4.2 SUBJECT: Laguna Creek Trail – Hwy 99 Overcrossing (heard out of order)

Kristin described the overcrossing project for which the City is seeking a letter of support from the Committee. Connecting the Laguna Creek Trail is almost complete except for a Hwy 99 overcrossing. They're currently looking at grant funding for the environmental review and preliminary design. They've already performed a feasibility study looking at 3 other alternatives, and this plan was selected as most feasible option. Ann asked what year it might be completed. Kristin stated we don't have full funding for the project yet, but that it would be at least 5 years or so. Ted asked what they need from the Committee. Kristin stated they needed a letter of support, of which she's drafted a letter. Ted asked what accessibility features the overcrossing would have. Kristin stated it would be designed according to current accessibility standards. She also stated that they'd bring the project back to the Committee in the design stage. Ann motioned, Steve 2nd. Passed unanimously.

4.1 SUBJECT: Above and Beyond Awards Standards

The Committee discussed the different ways they could apply standards to judging the Awards and ended up deciding that the changes they made to the

nomination form were solid and significant, and that they could use those during the judging to come to a consensus upon the winner(s).
