

RESOLUTION NO. 2011-94

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELK GROVE
APPROVING IDENTIFIED STREETS FOR SPEED CONTROL MEASURES AND
DIRECTING STAFF TO PROCEED WITH DESIGN**

WHEREAS, the City of Elk Grove desires to manage residential street speeds utilizing a systematic approach for the entire City; and

WHEREAS, the City Resolution No. 2008-249 adopted a Speed Control Program which contains guidelines to qualify and prioritize streets for installation of speed control devices; and

WHEREAS, on January 12, 2011, the City Council adopted Resolution No. 2011-11, which approved streets for inclusion into the Speed Control Program and directed staff to proceed with design and preparation of construction documents for speed control devices on the identified streets; and

WHEREAS, on January 12, 2011, the City Council directed staff to evaluate the twelve (12) streets presented for discussion for other speed control improvements such as signing and striping; and

WHEREAS, staff has completed its evaluation and presents design recommendations for each of the streets as shown in Exhibit A; and

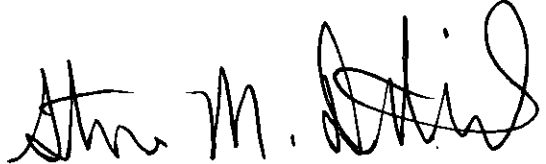

WHEREAS, staff is recommending a modification to the Speed Control Program Guidelines to introduce a meeting with residents of a qualified street to discuss and hopefully reach consensus on speed control design improvements prior to bringing the street to the City Council for action.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby:

- 1) Finds that the proposed implementation of traffic calming devices is exempt from environmental review pursuant to California Environmental Quality Act ("CEQA") Guidelines Section 15301 (c) because the project is the alteration of existing public facilities, including streets, for the purpose of public safety;
- 2) Approves the streets identified in Exhibit A for the design of speed control measures;
- 3) Directs staff to proceed with design and preparation of construction documents for speed control devices on the identified streets within Council approved budgeted funds in the Capital Improvement Program and the adopted budget; and

Amends Resolution No. 2008-249 and the Speed Control Program Guidelines by adding the following language: "Staff shall schedule and provide notice to all of the property owners of record, consistent with the list of property owners surveyed under these Guidelines, of a meeting to discuss design recommendations from the Traffic Safety Committee prior to City Council action on the recommendation. A summary of comments received at this meeting should be included in the staff report."

PASSED AND ADOPTED by the City Council of the City of Elk Grove this 25th day of May 2011.

STEVEN M. DETRICK, MAYOR of the
CITY OF ELK GROVE

ATTEST:

JASON LINDGREN, CITY CLERK
