**CITY OF ELK GROVE**  
**REIMBURSEMENT AGREEMENT**  
**FOR PRIVATELY CONSTRUCTED PUBLIC FACILITIES INCLUDED IN THE**  
**ELK GROVE ROADWAY FEE PROGRAM**

**Agreement No. RC2012-03**

This Agreement, dated as of February 24, 2012, is by and between the City of Elk Grove, a municipal corporation ("City"), and Laguna Springs Corporate Center Phase II, LLC, a California limited liability company ("Developer").

**WITNESSETH**

WHEREAS, Developer is the owner of that certain real property in the City of Elk Grove, State of California, as more commonly referred to as Laguna Springs Corporate Center Phase 3 ("Project");

WHEREAS, Chapter 16.95 of the Elk Grove Municipal Code established development fees ("Roadway Improvement Fees") and special funds as part of the City's Roadway Fee Program ("Roadway Fee Program");

WHEREAS, Chapter 16.95.070 of the Elk Grove Municipal Code authorizes the City to enter into reimbursement agreements for the construction of any facilities designated in the Roadway Fee Program upon application of property developers;

WHEREAS, Developer has constructed or will construct certain eligible improvements and related facilities that would otherwise be financed by the Roadway Fee Program.

NOW, THEREFORE, in consideration of the mutual promises contained herein, the City and the Developer hereby agree as follows:

**A G R E E M E N T**

**Section 1. Project Scope**

Subject to the terms of this reimbursement agreement ("Agreement"), the City agrees to provide reimbursement of funds to the Developer for the acquisition and installation of the improvements depicted in Exhibit A and listed in Exhibit B ("Improvements"), attached hereto and incorporated herein by reference. The Developer and the City agrees as follows:

1.1 The Improvements, quantities, and prices shown in Exhibits A and B may be supplemented or otherwise revised by an amendment executed by the City Manager and the Developer to balance cost overruns and underruns when all the Improvements originally listed in Exhibit B have been completed and actual costs have been determined by the City.

1.2 If another entity constructs improvements that are portions of the Improvements in Exhibit B, the City, at its sole discretion, may make payment for the construction thereof to the constructor only if: (i) the Improvements are constructed in accordance with all of the requirements of this Agreement; and (ii) the constructor assumes the obligations of the Developer under this Agreement as applicable to such construction, including without limitation, the obligations under Sections 8, 9, 10 and 11; and (iii) the City consents in writing, which consent shall not be unreasonably withheld. Additionally, the Developer agrees that it shall not be entitled to such payment to the extent City remits payment to constructor.

## **Section 2. Reimbursement Amount**

The City agrees to reimburse the Developer for the acquisition and installation of the Improvements an amount based on the lesser of (such lesser amount shall be referred to herein as the "Improvement Cost"):

- (a) The actual construction cost of the Improvements, as determined by the City, in its reasonable discretion, through its review of the construction contract for the Improvements plus an allowance for soft costs associated with the actual construction costs, as determined by the City, but in no event shall such soft costs exceed the amount of twenty-five percent (25%) of the actual construction costs, less the Credit Amount; or
- (b) The total of allowable costs for all Improvements based on the total amount in the cost schedules set forth in the Roadway Fee Program (without interest) listed in Exhibit B ("Cost Schedule Amount"). The total allowable costs for the Improvements shall be based on the sum of all segments listed in Exhibit B, such that actual costs in any one segment that are greater than or less than the allowable costs shown for such segment may be offset against any other segments.

## **Section 3. Reimbursement Timing**

3.1. Reimbursement Priority. The City has, and shall continue to, collect Roadway Improvement Fees from all property owners benefiting from the Improvements in the amount required by the Roadway Fee Program as such Roadway Fee Program may be amended or updated from time to time and shall place such fees in a separate capital facilities account in accordance with Section 16.95.030 of the City of Elk Grove Municipal Code. The parties acknowledge that a number of developer-constructed projects are identified for reimbursement in the Roadway Fee Program. As set forth in Chapter 16.95 of the Elk Grove Municipal Code, developers who have constructed improvements reimbursable from one (1) or more of the funds associated with the Roadway Fee Program ("Fund(s)") shall be reimbursed in the order in which their respective improvements are formally accepted by the City. The City shall prioritize the developer-constructed public facilities identified in the Roadway Fee Program when accepted by the City. As funds are available, reimbursements will be paid to the next developer awaiting reimbursement on such priority list until such developer is paid in

full, then to the next developer on such list, subject to and in accordance with the Section 3.2 below.

3.2 Payment Preconditions. No payment from the Fund(s) shall be made unless all of the following conditions, together with any other conditions set forth in this Agreement, have been met to City's satisfaction:

- (a) City has given final approval to and has formally accepted the Improvement(s) as complete (with reimbursement for an Improvement separately identified in the Roadway Fee Program being eligible for reimbursement on acceptance of such Improvement, notwithstanding the status of construction of any other Improvement to be constructed by Developer);
- (b) City, in its sole discretion, has determined that there are adequate monies available in the applicable Fund(s) associated with the Roadway Fee Program;
- (c) City has received complete funding for: (i) Grantline Road widening from Survey Road to Bradshaw Road, (ii) Elk Grove Blvd./Highway 99 improvements.
- (d) Developer shall not be in default of any monetary obligation to the City with respect to the Project, including without limitation plan check and inspection fees and any loan repayment due to the City. City agrees that it shall invoice Developer, and provide reasonably necessary detailed documentation of the charges incurred, for all amounts due from Developer to the City with respect to the Project within sixty (60) days of such amount accruing ("City Invoice"). Developer shall then have thirty (30) days from its receipt of the City Invoice to accept or object to it ("Protest Period"), and should Developer fail to object within that time, Developer shall be deemed to have accepted the City Invoice and shall not be entitled to dispute such City Invoice. Developer shall pay City all amounts due, for which no objection has been raised within the Protest Period, within fifteen (15) business days following expiration of the Protest Period. Payment of such City Invoice shall be full and final satisfaction of the amounts due for work specified in such City Invoice, and City shall not have the right to increase or modify such amounts. Any amounts not paid by such date shall be deemed defaulted amounts. Upon receipt of any such written notice of default from City, Developer shall cure the identified default(s) within three (3) days after receipt of any such notice. If Developer fails to cure such default within such three (3) day period, City shall have the right to withhold such defaulted amounts from the reimbursement due to Developer hereunder and to use such reimbursement amount to satisfy the default. Payment in full of defaulted amounts from the reimbursement due to Developer hereunder shall be deemed full and final satisfaction for such amounts owed, and upon such

collection of reimbursement funds by City; City waives all other remedies for such default. Following City's collection of any defaulted amounts, any remaining available reimbursement owed Developer shall be promptly paid to Developer. In the event City does not collect such defaulted amounts from reimbursement due Developer hereunder, City retains all other remedies, at law or in equity, for such default. In the event a timely objection to the City Invoice is made by Developer, City and Developer shall meet and confer for a period of at least thirty (30) days in an effort to resolve any dispute between them and, if the dispute is not so resolved, either party may then resort to any remedy available to it in law or in equity.

**Section 4. Process and Procedures**

The Developer's construction contracts, construction work, and requests for reimbursement relating to the Improvements shall be performed in conformance with the City's most current "Reimbursement Policies and Procedures for Privately Constructed Public Facilities" document which is available from the City Engineer, and upon receipt and approval by the City of a request for payment in form attached hereto as Exhibit C. The Developer shall be responsible for complying with all applicable laws, codes, and regulations relating to contracting and construction procedures for publicly-funded public works projects, including, but not limited to competitively bidding the construction work and paying prevailing wages.

**Section 5. Limited City Obligation**

The obligations arising from this Agreement are neither a debt of the City nor a legal or equitable pledge, charge, lien, or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the fees collected for the Improvements. Neither the General Fund nor any other fund of the City, except the applicable fund(s) associated with the Roadway Fee Program, shall be liable for the payment of any obligations arising from this Agreement. The credit or taxing power of the City is not pledged for the payment of any obligation arising from this Agreement. The Developer shall not compel the forfeiture of any of the City's property to satisfy any obligations arising from this Agreement.

**Section 6. Completion**

At such time as the Developer believes an Improvement is complete, the Developer shall provide written notice of completion to the City, requesting an inspection. Within ten (10) business days following the date of receipt of the Developer's written notice of completion, the City shall conduct a final inspection of the Improvements. If, during the final inspection, the City determines that the Improvement(s) have not been completed in accordance with all applicable codes, regulations, permits and approved plans, the City shall prepare a punch list of all items to be completed by the Developer and shall provide such punch list to the Developer within five (5) business days following the final inspection. If the City delivers such punch list

to the Developer within said five (5) business day period, then the Developer shall undertake to repair such punch list items in a diligent manner within sixty (60) calendar days. Upon completion of the punch list work, the Developer shall request another final inspection from the City and within five (5) business days following such written notice from the Developer, the City shall conduct another final inspection. If the City determines that the punch list work is complete and no other deficiencies are identified, the Developer will be deemed to have successfully completed the final inspection. If the City determines that the punch list work is not complete, then City and Developer shall repeat the inspection/punch list procedures specified in this Section 7 until the successful completion of the punch list work and a final inspection. At such time as Developer has successfully completed the final inspection, City shall recommend acceptance of the completed Improvements to the City Council within thirty (30) calendar days thereafter.

**Section 7. Conveyance of the Improvements**

Once the Improvements are accepted by the City and no liens have been identified as attached to the Improvements, the Improvements automatically become the property of the City. The Developer shall take any and all actions necessary to convey to the City and vest in the City full, complete and clear title to the Improvements.

**Section 8. Delivery of Plans and Specifications**

Prior to acceptance of the Improvements by the City, the Developer shall deliver to the City copies of all plans, specifications, shop drawings, as-built plans, operating manuals, service manuals, warranties and other documents relating to the design, construction, installation and operation of the Improvements.

**Section 9. Liens, Claims, and Encumbrances**

Prior to acceptance of the Improvements by the City, the Developer shall provide the City with unconditional final releases from all contractors and material suppliers that performed work or supplied materials with respect to the Improvements, and with copies of invoices and corresponding checks issued by the Developer for all items for which reimbursement is requested under this Agreement for the Improvements. Notwithstanding any other provision or term of this Agreement, the City shall have no obligation to make any reimbursement payments until the Developer has cleared any and all liens, claims and encumbrances from the Improvements and provided the required unconditional final lien releases.

**Section 10. Warranty and Repair**

- 10.1 **Warranty**: The Developer hereby warrants each Improvement as to materials and workmanship and, should any failure of an Improvement occur within a period of one (1) year after final acceptance of such Improvement by the City, the Developer shall promptly cause the needed repairs to be made without cost to the City ("Warranty Period"). The provisions contained herein shall not be deemed to limit any rights the Developer has or may have to seek damages or other relief from any acts

or omissions of any contractor involved in the construction or design of the Improvements. Notwithstanding the foregoing, the Developer's warranty excludes remedy for damage or defect caused by ordinary wear and tear under normal usage, abuse, neglect, modifications not performed by the Developer or its agents, and improper or insufficient maintenance not performed by the Developer or its agents. Nothing herein shall be construed to limit any other warranties the City may have from the manufacturer or any materials used in the Improvements, but the warranty contained in this Section 10 shall be the sole warranty of the Developer, and all other express or implied warranties of the Developer are expressly disclaimed.

- 10.2 **Repair.** The City is hereby authorized to make such repairs if the Developer fails to make or undertake with due diligence the aforesaid repairs within twenty (20) calendar days after the City has given written notice of such failure. In case of emergency where, in the sole opinion of the City Engineer, delay would cause serious hazard to the public, the necessary repairs may be made or lights, signs and barricades erected, without prior notice to the Developer. In all cases of failure of the Improvements within the Warranty Period where the City has taken action in accordance with this paragraph, the Developer shall reimburse the City as appropriate for all costs, direct and indirect, incurred by the City.

#### **Section 11. Indemnity**

The Developer, by execution of this Agreement, specifically agrees to assume the defense of, indemnify, and hold harmless the City and its officers, employees, consultants, and agents ("City Parties") from and against all liabilities, actions, damages, claims, losses or expenses of every type and description, including attorneys' and consultants' fees and expenses (collectively "Liabilities"), to which the City Parties may be subjected or put, by reason of, or resulting from, including but not limited to the loss of life, bodily injury, third party claims, or property damage occurring during and as a result of Developer's installation of the Improvements, except Liabilities arising from the sole negligence, active negligence, or willful misconduct of the City. This indemnification shall survive the termination of this Agreement.

#### **Section 12. No Third Party Beneficiary**

The City and the Developer enter into no contract or agreement with any general contractor, subcontractor, or other party by entering into this Agreement; nor is any general contractor, subcontractor, or other party a third party beneficiary of this Agreement; and the City shall have no obligation to pay any general contractor, subcontractor, or other party for any work that such general contractor, subcontractor, or other party may do pursuant to the plans and specifications for the Improvements except as provided for in Section 1.2.

**Section 13. Notice**

Any notice, payment, or instrument required or permitted by this Agreement to either party shall be deemed to have been received when personally delivered to that party or seventy-two (72) hours following deposit of the same in any United States Post Office, first class, postage prepaid, addressed as follows:

City: City of Elk Grove  
8401 Laguna Palms Way  
Elk Grove, CA 95758  
Attn: City Engineer

With a copy to: City of Elk Grove

Attn: Finance Administrator

Developer: Pappas Investments  
2020 L Street 5<sup>th</sup> Floor  
Sacramento, CA 95811  
Attn: Thaddeus Johnson

Either party hereto may, by notice given hereunder, designate a different address to which subsequent notices, payments, and instruments shall be delivered to it.

**Section 14. Term**

The term of this Agreement shall start as of the date first written above and shall remain in effect until all the terms and conditions contained in this Agreement have been satisfied.

**Section 15. Captions**

Captions to Sections of this Agreement are for convenience purposes only, and are not part of this Agreement.

**Section 16. Severability**

If any portion of this Agreement is declared by a court of competent jurisdiction to be invalid or unenforceable, such portion shall be deemed severed from this Agreement and the remaining parts shall remain in full effect as though such invalid or unenforceable provision had not been a part of this Agreement.

**Section 17. Successors and Assigns**

This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the parties hereto. The City's agreement to carry out the requirements of this Agreement is made in reliance upon the reputation, creditworthiness, and expertise of the Developer. Therefore, the Developer's obligations to construct the Improvements hereunder may not be assigned without the prior, express, written consent of the City, which shall not be unreasonably withheld, conditioned or delayed.

**Section 18. Governing Law; Venue**

This Agreement is made under, and shall in all respects be interpreted, enforced, and governed by, the laws of the State of California. In the event of a dispute concerning the terms of this Agreement, the venue for any legal action shall be with the appropriate court in the County of Sacramento, State of California.

**Section 19. Entire Agreement**

This Agreement contains the entire agreement between the parties with respect to the matters contained herein and may be amended only by subsequent written agreement signed by both parties.

**Section 20. Counterparts**

This Agreement may be executed in counterparts, each of which shall be deemed an original, but both of which together shall constitute one instrument.

**Section 21. Attorneys' Fees**

In the event any party to this Agreement commences litigation for specific performance or damages for the breach of this Agreement, the prevailing party shall be entitled to a judgment against the other for an amount equal to reasonable attorneys' fees and court costs incurred.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and the year first written above.
