**CITY OF ELK GROVE**  
**REIMBURSEMENT AGREEMENT**  
**FOR PRIVATELY CONSTRUCTED PUBLIC FACILITIES INCLUDED IN THE**  
**ELK GROVE ROADWAY FEE PROGRAM**

**Agreement No. RC2004-08**

This Agreement, dated as of \_\_\_\_\_, 2004, by and between the City of Elk Grove, a municipal corporation (the "City"), and Lennar Renaissance, Inc. (the "Developer"),

WITNESSETH:

WHEREAS, Chapter 16.95 of the Elk Grove Municipal Code established development fees and special funds as part of the City's Roadway Fee Program (the "Roadway Fee Program");

WHEREAS, Chapter 16.95.090 of the Elk Grove Municipal Code authorizes the City to enter into reimbursement agreements for the construction of any facilities designated in the Roadway Fee Program upon application of property developers;

NOW, THEREFORE, in consideration of the mutual promises contained herein, the City and the Developer hereby agree as follows:

**Section 1. Project Scope**

Subject to the terms of this Agreement, the City agrees to provide reimbursement of funds to the Developer for the acquisition and installation of the improvements listed in Exhibit A (the "Improvements").

**Section 2. Reimbursement Amount**

The City agrees to reimburse the Developer for acquisition and/or installation of the Improvements an amount based on the lesser of:

- i) the actual construction cost of eligible facilities, as determined by the City, in its sole discretion, through its review of the construction contract for the Improvements, plus an allowance for soft costs in the amount of twenty-five (25) percent of the actual construction cost determined by the City, and.
- ii) the total of allowable costs, based on the cost schedules set forth in the Roadway Fee Program and amendments and updates thereto or cost schedules from comparable financing plans, listed in Exhibit B (unless this total amount is increased pursuant to an amendment to this Agreement).

Funds will be reimbursed without interest.

**Section 3. Reimbursement Timing**

- a. **Reimbursement Priority.** As set forth in Chapter 16.95 of the Elk Grove Municipal Code, developers who have constructed improvements reimbursable from one or more of the funds associated with the Roadway Fee Program (the Fund(s)) shall be reimbursed in the order in which their respective improvements are formally accepted by the City, as the City determines there are adequate monies in the corresponding Fund(s).
- b. **Payment Preconditions.** No payment from the Fund(s) shall be made unless all of the following conditions, together with any other conditions set forth in this Agreement, have been met to City's satisfaction:
  - (i) City has given final approval to and has formally accepted the Improvements as complete;
  - (ii) City, in its sole discretion, has determined that there are adequate monies available in the applicable Fund(s) associated with the Roadway Fee Program.

**Section 4. Process and Procedures**

Developer's construction contracts, construction work, and requests for reimbursement relating to the Improvements shall be performed in conformance with the City's most current "Reimbursement Policies and Procedures for Privately Constructed Public Facilities" document, which is available from the City Engineer. Developer shall be responsible for complying with all applicable laws, codes, and regulations relating to contracting and construction procedures for publicly funded public works projects.

**Section 5. Limited City Obligation**

The obligations arising from this Agreement are neither a debt of the City nor a legal or equitable pledge, charge, lien, or encumbrance upon any of its property or upon any of its income, receipts, or revenues, except the fees collected for the Improvements. Neither the General Fund nor any other fund of the City, except the applicable fund(s) associated with the Roadway Fee Program, shall be liable for the payment of any obligations arising from this Agreement. The credit or taxing power of the City is not pledged for the payment of any obligation arising from this Agreement. The Developer shall not compel the forfeiture of any of the City's property to satisfy any obligations arising from this Agreement.

**Section 6. Conveyance of the Improvements**

Once the Improvements are accepted and deemed satisfactory by the City, the Improvements automatically become the property of the City. The Developer shall take any and all actions necessary to convey to the City and vest in the City full, complete and clear title to the Improvements.

**Section 7. Delivery of Plans and Specifications**

Prior to final acceptance of the Improvements by the City, the Developer shall deliver to the City copies of all plans, specifications, shop drawings, as-built plans, operating manuals, service manuals, warranties and other documents relating to the design, construction, installation, and operation of the Improvements.

**Section 8. Liens, Claims, and Encumbrances**

Prior to final acceptance of the Improvements by the City, the Developer shall provide a written guarantee and assurance to the City that there are no liens, claims, or encumbrances on the Improvements, together with unconditional final releases from all contractors and material suppliers, and with copies of invoices and corresponding checks issued by the Developer for all items for which reimbursement is requested under this Agreement for the Improvements. Notwithstanding any other provision or term of this Agreement, the City shall have no obligation to make any reimbursement payments until the Developer has cleared any and all liens, claims and encumbrances from the Improvements and provided the required documentation, guarantee and assurance in writing, to the satisfaction of the City.

**Section 9. Warranty and Repair**

(a) Warranty. The Developer hereby warrants the Improvements as to materials and workmanship and, should any failure of the Improvements occur within a period of one year after final acceptance thereof by the City, the Developer shall promptly cause the needed repairs to be made without cost to the City.

(b) Repair. The City is hereby authorized to make such repairs if the Developer fails to make or undertake with due diligence the aforesaid repairs within twenty (20) days after the City has given written notice of such failure. In case of emergency where, in the sole opinion of the City Engineer, delay would cause serious hazard to the public, the necessary repairs may be made or lights, signs and barricades erected, without prior notice to the Developer. In all cases of failure of the Improvements within the warranty period where the City has taken action in accordance with this paragraph, the Developer shall reimburse the City as appropriate for all costs, direct and indirect, incurred by the City.

**Section 10. Indemnity**

The Developer, by execution of this Agreement, specifically agrees to assume the defense of, indemnify, and hold harmless the City and its officers, employees, consultants, and agents from and against all liabilities, actions, damages, claims, losses or expenses of every type and description, including attorneys' and consultants' fees and expenses (collectively "Liabilities"), to which they may be subjected or put, by reason of, or resulting from, the acquisition or installation of the Improvements, except Liabilities arising from the sole negligence or willful misconduct of the City. This indemnification shall extend to Liabilities occurring after this Agreement is terminated as well as while it is in force.

**Section 11. No Third Party Beneficiary**

The City and the Developer enter into no contract or agreement with any general contractor, subcontractor, or other party by entering into this Agreement; nor is any general contractor, subcontractor, or other party a third party beneficiary of this Agreement; and the City shall have no obligation to pay any general contractor, subcontractor, or other party for any work that such general contractor, subcontractor, or other party may do pursuant to the plans and specifications for the Improvements.
