AGREEMENT FOR MAINTENANCE OF STATE HIGHWAY
IN THE CITY OF ELK GROVE

THIS AGREEMENT is made effective this first day of September, 2005 by and between STATE of California, acting by and through the Department of Transportation, hereinafter referred to as “STATE”, the County of Sacramento, acting by and through the Department of Transportation, hereinafter referred to as “COUNTY”, and the CITY of Elk Grove hereinafter referred to as “CITY”.

I. The Parties desire to provide that CITY perform particular maintenance functions on the State highways within CITY as authorized in Section 130 of the Streets and Highways Code.

II. This Agreement shall supersede any previous agreement for maintenance of the identified portion of the State highways in CITY OF ELK GROVE of and/or amendments thereto with CITY.

III. CITY will perform such maintenance work as is specifically delegated to it, on the identified State highway routes, or portions thereof, all as hereinafter described under Exhibit A hereof or as said Exhibit may be subsequently modified with the consent of the parties hereto acting by and through their authorized representatives.

IV. The degree or extent of maintenance work to be performed, and the standards therefore, shall be in accordance with the provisions of Section 27 of the Streets and Highways Code and the then current edition of the State Maintenance Manual (a copy of which has been provided to CITY), or as may be prescribed from time to time by the District Director. “District Director,” as used herein, means the District Director of the Department of Transportation assigned to the territory in which CITY is located, or an authorized representative.

V. The functions and levels of maintenance service delegated to CITY in the attached Exhibit A, “Delegation of Maintenance” has been considered in setting authorized total dollar amounts. CITY may perform additional work if desired, but STATE will not reimburse CITY for any work in excess of the authorized dollar limits established herein.
VI.  
A. The STATE will reimburse CITY for the actual cost of all routine maintenance work performed by CITY as delegated under Exhibit A to this Agreement. It is agreed that during any fiscal year, the maximum expenditure on any route shall not exceed the amount as shown in Exhibit A to this Agreement unless such expenditure is revised by an amended Agreement or otherwise adjusted or modified as hereinafter provided for. The cost of operating and maintaining utility-owned and maintained lighting now in place at the intersection of any State highway route and any CITY street/road shall be shared as shown in Exhibit B.

B. The expenditure per route for routine maintenance work, as referred to above, may be increased or decreased, redistributed between routes, or additional expenditures for specific projects may be made, when such adjustment of expenditures for routine maintenance or such specific work is authorized in writing by the District Director or his authorized representative and accepted by CITY as an amendment to Exhibit A.

C. Additional expenditures, or an adjustment of expenditures, once authorized shall apply during the fiscal year designated therein and shall not be deemed to permanently modify or change the basic maximum expenditure per route as hereinafter specified. An adjustment of any said maximum expenditure, either an increase or decrease, shall not affect other terms of the Agreement.

VII. A new Exhibit A “DELEGATION OF MAINTENANCE” will be provided annually by STATE for the ensuing fiscal year, if necessary, to ensure an equitable annual cost allocation.

VIII. A. CITY will submit bills in a consistent periodic sequence (monthly, quarterly, semiannually, or annually). Bills for less than $500 shall not be submitted more than once each quarter. Bills must be submitted promptly following the close of STATE’s fiscal year on each June 30th and should be coded according to the Caltrans HM Program Code as outlined in this Agreement. Bills submitted for periods prior to the last fiscal year will be deemed waived and will not be honored.

B. Maintenance services provided by contract or on a unit-rate basis with overhead costs included shall not have these above-mentioned charges added again. An actual handling charge by CITY for the direct cost of processing this type of bill will be allowed.

IX. Nothing in the provisions of this Agreement is intended to create duties or obligations to or rights in third parties not parties to this contract or to affect the legal liability of either party to the contract by imposing any standard of care respecting the maintenance of State highways different from the standard of care imposed by law.

X. It is understood and agreed that neither STATE nor any officer or employee is responsible for any damage or liability occurring by reason of anything done or omitted to be done by
CITY under or in connection with any work, authority or jurisdiction delegated to CITY under this Agreement. It is understood and agreed that pursuant to Government Code Section 895.4 CITY shall defend, indemnify and save harmless the State of California, all officers and employees from all claims, suits or actions of every name, kind and description brought for or in account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by CITY under or in connection with any work, authority or jurisdiction delegated to CITY under this Agreement.

XI. It is understood and agreed that neither CITY nor any officer or employee thereof is responsible for any damage or liability occurring by reason of anything done or omitted to be done by STATE under or in connection with any work, authority or jurisdiction delegated to STATE under this Agreement. It is understood and agreed that pursuant to Government Code Section 895.4, STATE shall defend, indemnify and save harmless CITY, all officers and employees from all claims, suits or actions of every name, kind and description brought for or on account of injuries to or death of any person or damage to property resulting from anything done or omitted to be done by STATE under or in connection with any work, authority or jurisdiction delegated to STATE under this Agreement.

XII. STATE costs and expenses assumed under the terms of this Agreement are conditioned upon the passage of the annual State of California Budget by the Legislature, the allocation of funding by the California Transportation Commission as appropriate, and the encumbrance of funding to the District Office of STATE to pay the billing by CITY.

XIII. The City shall defend, indemnify, and hold harmless the State, their officers, employees, and agents from and against all demands, claims, actions, liabilities, losses, damages and costs, including payment of reasonable attorney’s fees, arising out of or resulting from the operation and maintenance of traffic signal installations owned by the State within the territory of the City during the period of this Agreement caused in whole or in part by the negligent or intentional acts or omissions of the City Council or the City’s officers employees, or agents.

IX. The State shall defend, indemnify, and hold harmless the City, their officers, employees, and agents from and against all demands, claims, actions, liabilities, losses, damages and costs, including payment of reasonable attorney’s fees, arising out of or resulting from the operation and maintenance of traffic signal installations owned by the State within the territory of the City during the period of this Agreement caused in whole or in part by the negligent or intentional acts or omissions of the State or the State’s officers employees, or agents.

XVI. This Agreement shall remain in full force and effective until amended by the mutual consent of the parties thereto or terminated by either party upon thirty (30) days’ notice to the other parties.
IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year first above written.
