NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Elk Grove hereby approves the project, subject to the conditions of approval as illustrated in Exhibit A and Tentative Parcel Map illustrated in Exhibit B, based on the following findings:

CEQA

Finding: The proposed project is categorically exempt from CEQA review pursuant to CEQA Guidelines Section 15183 (projects consistent with a Community Plan or General Plan) and Section 15315, Class 15 (Minor Land Divisions).

Evidence: The tentative Map is categorically exempt from CEQA review pursuant to CEQA Section 15315, Class 15 (Minor Land Divisions), which exempts the division of property in urbanized areas zoned for residential, commercial, or industrial use into four or fewer parcels. The proposed project to divide the existing 7 acre parcel into two parcels in an urbanized area zoned for residential and in conformance with the General Plan and Zoning Ordinance. No variances are required, and all services and access to the proposed parcel to local standards are available or will be provided. The parcel was not involved in a division of a larger parcel within the previous two years, and the parcel does not have an average slope greater than 20%.

In addition, there are no new or unusual circumstances related to the proposed rezone or parcel division that would require further environmental review. No special circumstances exist that create a reasonable possibility that the proposed project may have a significant adverse impact on the environment.

Tentative Parcel Map

Evidence: Findings (a) through (g) in Section 66474 of the Subdivision Map Act do not apply to the project.

a. The proposed map is consistent with the Elk Grove General Plan and the East Franklin Specific Plan that identifies the site for Estate residential and Low Density residential uses.
