

**QUESTION AND ANSWER FOR BID FOR GOODS AND SERVICES RELATED TO
HEATING, VENTILATION AND AIR CONDITIONING (HVAC) MAINTENANCE
SERVICES FOR CITY OWNED BUILDINGS
Dated September 11, 2017**

Q. *In the bid documents it states on page 10 under, section 37 under Licensing requirements; C4, C10, C20, C43, C38*

Question:

- 1. We do not carry a C10 or C38. Is there specific Electrical displaces required other than related to the HVAC equipment repair, replacement? As we are fully competent firm with Union skilled technicians to perform all aspects required for this work.*
- 2. On C38, Refrigeration. Same questions, is there specific refrigeration equipment that this license requires? I don't see anything on the equipment list that requires either a C10 or C38?*

Please advise if we do not qualify to bid this RFP.

A. The City requires all Licenses, Permits, and Other Approvals as listed in Section 37 of the contract. Contractors must possess these licenses at time of bid submission and for the duration of the contract.

Q. *I would like to find out some more information on HVAC Maintenance Services for the above referenced project. Is there any information you can share or can direct me where to go to find out more details?*

A. All the information on the HVAC Maintenance Services is provided in the Information To Bid.
