
Elk Grove Building Safety & Inspection is making client services more accessible than ever!

Inspection scheduling has never been more accessible. In addition to the 24-Hour Automated Inspection Scheduling System, applicants may schedule, cancel and check inspection results on-line. This brochure will assist you in locating the appropriate inspection request code for your project. You may access our automated phone line at (916) 478-2225 24 hours per day or visit our website at www.elkgrovecity.org/building-permits.

When using the on-line system, please have your permit number and PIN number ready. You will find both on your building permit card. Your permit number is printed at the top left-hand side of the permit card; the PIN can be located just below the listed contractor phone number and just above the project valuation.

If you need assistance locating your permit or PIN number, please contact our office at (916) 478-2235 Monday through Friday from 8am to 5pm. Our customer service staff will be glad to help.

You may schedule inspections up to 5am on the day of the requested inspection or up to five (5) working days in advance.

If you have a preference between an AM or PM appointment please indicate so in your inspection request. We will make every attempt to accommodate your request but arrival times may vary.

Please use this space to note your permit and permit PIN numbers: Permit number: _____ Permit PIN #: _____
--

To use the City of Elk Grove Automated Inspection Request Line, simply dial (916) 478-2225, and follow the simple instructions. It's available 24 hours a day, 7 days a week!

Press [1] SCHEDULE AN INSPECTION

Press [2] CANCEL/RESCHEDULE INSPECTION

Press[3] OBTAIN INSPECTION RESULTS

Press[5] CERTIFICATE OF OCCUPANCY COPY

The system will prompt you each step of the way. You may perform multiple transactions during each call. At the end of the call you will be issued a confirmation number. We recommend that you keep a record of your confirmation number(s) for future reference.

Time Saving Hint-

Use Combination Inspection Codes whenever possible.

Using these codes can eliminate having to request multiple inspections. Please use only if the appropriate codes are listed adjacent to the name.

For example, if you need a "Combo Pool Final" use Inspection Code 599 rather than scheduling 596, 597 & 598 individually.

MECHANICAL CODES

DUCTS & FLUES	460
HVAC	461
FIRE DAMPERS	462
COMMERCIAL HOOD	463
HOOD SHAFT/HOOD DUCT	464
