FOR IMMEDIATE RELEASE

April 13, 2010

Rebecca Craig Named New Elk Grove Assistant City Manager

Elk Grove, CA – City Manager Laura S. Gill announced today that Rebecca Craig has been named the new Assistant City Manager for the City of Elk Grove.

Since 2007, Craig has served as the City’s Finance Director and most recently the Interim Assistant City Manager.

Craig will be a key member of the city’s executive staff, and will be responsible for overseeing the operations of Development Services, including the Public Works, Planning and Building Departments. She will coordinate execution of policies and programs across departments to ensure effective service delivery. She will also be the city’s management liaison for interagency projects region-wide.

“Becky has a wealth of knowledge of the interworking of the City of Elk Grove,” said Gill. “I’m confident that she will be an asset to ensuring the City’s Development Services Department is serving the residents of Elk Grove with the highest integrity.”

Craig managed the City’s Finance Department during a critical point in the City’s history, ensuring the City’s budget was balanced during unprecedented economic times. She has managed programs to improve customer service to the business community, was instrumental in the City’s MOU with the Elk Grove Police Officers Association, and has earned numerous national awards recognizing the City’s budget and accounting practices.

“I am excited to have the important opportunity to lead the Development Services Department, and assist the Elk Grove City Council in meeting economic development and civic engagement goals,” said Craig. “Development Services is a critical function and the business community

needs strong support from their local government. I look forward to making the City of Elk Grove more streamlined, responsive and user-friendly.”

Craig has more than 15 years of experience in local government, serving as Finance Director for the City of O’Fallon, Missouri and County of St. Charles, Missouri.

Craig holds a Bachelor's Degree from the University of Missouri in Columbia and is a certified public accountant (CPA). She has a supportive husband, Jeremy, and five-year-old daughter, Elaina.

The City will be conducting a search for a Finance Director.
