City Seeks Public Input on the Flood Control and Storm Drainage Master Plan

Elk Grove, CA – The City of Elk Grove is currently reviewing the management of stormwater, and will be hosting a Storm Drainage Master Plan public workshop on Thursday, June 10.

The meeting will cover various stormwater management strategies and will allow participants to share feedback about specific local concerns about stormwater runoff.

The City would like to gather the community's opinion on flood control, water quality, riparian habitat and various other drainage issues of concern.

The workshop will be held at 6 p.m. at Pleasant Grove Elementary School located at 10160 Pleasant Grove School Road.

An agenda will be posted before the upcoming workshop at:

<http://www.egpublicworks.org/workshop.asp>

For more information, please contact Fernando Dueñas at 916.627.3434 or fduenas@elkgrovecity.org.
