City Council to Consider Adopting Balanced Budget Wednesday Night

The Elk Grove City Council will consider passing a balanced budget of \$210.6 million at Wednesday night's City Council meeting. By limiting spending and prudent planning, the City does not expect to tap into rainy day funds in the current year, leaving those funds available for future use. The proposed FY 2010-11 budget addresses the Council's fiscal reality while maintaining the current level of service to the citizens of Elk Grove. For more information, visit www.elkgrovecity.org.
