

## **SATURDAY INSPECTIONS, AVAILABLE BY APPOINTMENT (916) 478-2235**

### **Owner-Builder & Small Contractor Project Permits Only**

The City of Elk Grove, Building Safety & Inspection Dept. is offering Saturday Inspections. Appointments are available by calling Building staff @ 916-478-2235. Appointments for the Saturday program must be requested by 4:00 pm, Friday for the following Saturday of that week.

The Saturday inspections are generally available for homeowner type permits, including: remodels, reroofs, AC-Change-outs, Hot Water Heaters, small building projects and miscellaneous Electrical, Mechanical and Plumbing projects. The goal of this program is to enable homeowners and Specialty contractors responsible for making permitted work accessible for inspection, to not have to take time away from their normal work hours to be available for inspections.

For more detailed information and/or to schedule a Saturday Inspection, contact permit staff at City Hall or call the main building line @ (916) 478-2235 for an appointment. The inspection program is part of Building Staff's ongoing efforts to provide enhanced customer service to our citizens and contractors.
