

## Rock Painting Day of the Dead Skulls

### How to Make Day of the Dead Skull Rocks

- Step 1. Gather and organize all of the materials you plan to use when painting your rocks
  - Rocks in the (general) shape of skulls
  - Acrylic Paint or Puffy Paint
  - Paint Brushes
  - Old Newspaper and Clothes (acrylic paint can stain)
  - Optional:Gglitter (is this really optional?), Sequins, Mod Podge
- Step 2. Make sure you cover your area well before starting (tables, carpet, etc..)
- Step 3. Paint a white skull shape on your stone and leave to dry
- Step 4: Add your skull's features (traditional upside down heart for a nose and marigolds, plus spiderwebs), or choose to make them as pretty or scary as possible!
- Optional: add a layer of Mod Podge, then glitter and/or sequins for some extra sparkle and set anywhere you like!
