

RESOLUTION NO. 2015-011

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELK GROVE
TO APPROVE A TENTATIVE SUBDIVISION MAP, DESIGN REVIEW FOR
SUBDIVISION LAYOUT, AND ABANDONMENT OF RIGHT-OF-WAY FOR THE
GOOD SHEPHERD MAP PROJECT (EG-14-027)
ASSESSOR PARCEL NUMBER: 127-0030-072**

WHEREAS, the Planning Department of the City of Elk Grove received an application on September 3, 2014 from MND Development, Inc (the Applicant) requesting a Rezone, Tentative Subdivision Map, Design Review for Subdivision Layout, and Abandonment; and

WHEREAS, the proposed Project is located on real property in the incorporated portions of the City of Elk Grove more particularly described as APN: 127-0030-072; and

WHEREAS, the Project qualifies as a project under the California Environmental Quality Act (CEQA), Public Resource Code §§21000-21178 but is exempt; and

WHEREAS, Section 15183 (Projects Consistent with a Community Plan, General Plan, or Zoning) of Title 14 of the California Code of Regulations (State CEQA Guidelines) provides an exemption from CEQA for projects that are consistent with the applicable General Plan and Zoning for which an Environmental Impact Report (EIR) was certified; and

WHEREAS, an EIR was certified by the City Council for the adoption of the City of Elk Grove General Plan (SCH 2005052018); and

WHEREAS, a Mitigated Negative Declaration was adopted for the Sandage Estates Project (EG-04-777) which considered the future development of the Project site as currently proposed (SCH 2013082012); and

WHEREAS, based on staff's review of the Project, no special circumstances exist that would create a reasonable possibility that the Project will have a significant effect on the environment beyond what was previously analyzed and disclosed; and

WHEREAS, the Planning Department considered the Project request pursuant to the Elk Grove General Plan, the Elk Grove Municipal Code Title 23 (Zoning), and all other applicable State and local regulations; and

WHEREAS, the Planning Commission held a duly noticed public hearing as required by law to consider all of the information presented by staff, information presented by the Applicant, and public testimony presented in writing and at the meeting; and

WHEREAS, the Planning Commission recommended the City Council approve the Good Shepherd Map Project; and

WHEREAS, the City Council held a duly noticed public hearing as required by law to consider all of the information presented by staff, information presented by the Applicant, and public testimony presented in writing and at the meeting.

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Elk Grove approves the Tentative Subdivision Map, Design Review for subdivision layout, and Abandonment for the Good Shepherd Map Project (EG-14-027) as described in Exhibit A and illustrated in Exhibit B, subject to the Conditions of Approval contained in Exhibit C (all incorporated herein by this reference), based upon the following findings:

Tentative Subdivision Map

Finding: None of the findings (a) through (g) below in Section 66474 of the California Government Code that require a City to deny approval of a tentative map apply to this project.

- a. That the proposed map is not consistent with applicable general and specific plans as specified in Section 65451.
- b. That the design or improvement of the proposed subdivision is not consistent with applicable general and specific plans.
- c. That the site is not physically suitable for the type of development.
- d. That the site is not physically suitable for the proposed density of development.
- e. That the design of the subdivision or the proposed improvements is likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.
- f. That the design of the subdivision or type of improvements is likely to cause serious public health problems.
- g. That the design of the subdivision or type of improvements will conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision.

Evidence:

- a. The proposed Project is consistent with the Elk Grove General Plan because the site is designated Rural Residential in the General Plan and zoned for AR-2 (Agricultural Residential 2-acre minimum). The Project would legally subdivide the parcel consistent with Title 23 (Zoning).
- b. The design of the improvements of the proposed Project is consistent with the General Plan land use designations of Rural Residential and the development standards for residential use in Title 23 (Zoning). The Project would legally subdivide the parcel consistent with Title 23 (Zoning).
- c. The site is physically suitable for extension of residential development because the site is designated Rural Residential in the General Plan and zoned AR-2 (Agricultural Residential 2-acre minimum).
- d. The Project site is designated Rural Residential in the General Plan and zoned AR-2 (Agricultural Residential 2-acre minimum). The Project would legally subdivide the parcel consistent with Title 23 (Zoning).

- e. The proposed Tentative Subdivision Map is consistent with the General Plan and zoning and therefore would not cause substantial environmental damage.
- f. The Project would legally subdivide the parcel consistent with Title 23 (Zoning).
- g. No conflict with easements acquired by the public at large, for access through or use of, property within the proposed subdivision, have been identified.

Design Review

Finding #1: The proposed project is consistent with the objectives of the General Plan, complies with applicable zoning regulations and Citywide Design Guidelines adopted by the City.

Evidence: The site layout has been reviewed against the Citywide Design Guidelines for residential subdivisions and meets all applicable design requirements. The proposed subdivision map and related plans provide all the design elements required by the Citywide Design Guidelines, including interconnected street system and sufficient open space and landscaping. The conditions of approval ensure consistency with all standard requirements.

Finding #2: The proposed project will not create conflicts with vehicular, bicycle, or pedestrian modes of transportation.

Evidence: The proposed subdivision and layout provides adequate off-site access and on-site circulation consistent with applicable requirements.

Finding #3: The residential subdivision is well integrated with the City's street network, creates unique neighborhood environments and establishes a pedestrian friendly environment.

Evidence: The Project includes an interconnected street system as well as sufficient open space and landscaping. The proposed design blends seamlessly into the surrounding neighborhood and the street pattern encourages walking.

PASSED AND ADOPTED by the City Council of the City of Elk Grove this 14th day of January 2015.
