A. Nothing in this chapter shall be construed as imposing a tax upon any person or service when the imposition of such tax upon such person or service would be in violation of a federal or state statute, the Constitution of the United States or the Constitution of the state.

B. Any service user that is exempt from the tax imposed by this chapter pursuant to subsection A of this section shall file an application with the tax administrator for an exemption; provided, however, this requirement shall not apply to a service user that is a state or federal agency or subdivision with a commonly recognized name for such service. Said application shall be made upon a form approved by the tax administrator and shall state those facts, declared under penalty of perjury, which qualify the applicant for an exemption, and shall include the names of all utility service suppliers serving that service user. If deemed exempt by the tax administrator, such service user shall give the tax administrator timely written notice of any change in utility service suppliers so that the tax administrator can properly notify the new utility service supplier of the service user's tax exempt status. A service user that fails to comply with this section

shall not be entitled to a refund of utility users' taxes collected and remitted to the tax administrator from such service user as a result of such noncompliance.

The decision of the tax administrator may be appealed pursuant to EGMC Section 3.40.200 of this chapter. Filing an application with the tax administrator and appeal to the City Manager pursuant to EGMC Section 3.40.200 of this chapter is a prerequisite to a suit thereon.

There is a rebuttable presumption that telecommunications services, which are billed to a billing or service address in the City, are used, in whole or in part, within the City's boundaries, and such services are subject to taxation under this chapter. If the billing address of the service user is different from the service address, the service address of the service user shall be used for purposes of imposing the tax. As used in this section, the term "charges" shall include the value of other services, credits, property of every kind or nature, or other consideration provided by the service user in exchange for the telecommunications services.

As used in this section, the term "telecommunications services" includes, but is not limited to, charges for: connection, reconnection, termination, movement, or change of telecommunications services; late payment fees; detailed billing; central office and custom, calling features (including but not limited to call waiting, call forwarding, caller identification and three-way calling); voice mail and other messaging services; directory assistance; access and line charges; universal service charges; regulatory, administrative and other cost recovery charges; and local number portability charges. E. To prevent actual multi-jurisdictional taxation of telecommunications services subject to tax under this section, any service user, upon proof to the tax administrator that the service user has previously paid the same tax in another state or local jurisdiction on such telecommunications services, shall be allowed a credit against the tax imposed to the extent of the amount of such tax legally imposed in such other state or local jurisdiction; provided, however, the amount of credit shall not exceed the tax owed to the City under this section.

F. The tax on telecommunications services imposed by this section shall be collected from the service user by the service supplier. The amount of tax collected in one (1) month shall be remitted to the tax administrator, and must be received by the tax administrator on or before the twentieth (20th) day of the following month.

1. Customer charges, late charges, service establishment or reestablishment charges, annual and monthly charges, and other charges, fees and surcharges which are necessary for or common to the receipt, use or enjoyment of sewer service; and

2. Charges, fees, or surcharges for sewer services or programs, which are mandated by the City, a state, or federal agency, whether or not such charges, fees, or surcharges appear on a bundled or line item basis on the customer billing.

C. The tax on sewer service imposed by this section shall be collected from the service user by the sewer service supplier or its billing agent. The amount of tax collected in one (1) month shall be remitted to the tax administrator, and must be received by the tax administrator on or before the twentieth (20th) day of the following month.

3.40.100 Bundling taxable items with non-taxable items.

If any nontaxable charges are combined with and not separately stated from taxable

service charges on the customer bill or invoice of a service supplier, the combined charge is subject to tax unless the service, supplier identifies, by reasonable and verifiable standards, the portions of the combined charge that are non-taxable and taxable through the service supplier's books and records kept in the regular course of business, and in accordance with generally accepted accounting principles, and not created and maintained for tax purposes. The service supplier has the burden of proving the proper apportionment of taxable and non-taxable charges. If the service supplier offers a combination of taxable and non-taxable services, and the charges are separately stated, then for taxation purposes, the values assigned the taxable and non-taxable services shall be based on its books and records kept in the regular course of business and in accordance with generally accepted accounting principles, and not created and maintained for tax purposes. The service supplier has the burden of proving the proper valuation of the taxable and non-taxable services.

3.40.110 Substantial nexus / minimum contacts.

For purposes of imposing a tax or establishing a duty to collect and remit a tax under this chapter, "substantial nexus" and "minimum contacts" shall be construed broadly in favor of the imposition, collection and/or remittance of the utility users tax to the fullest extent permitted by state and federal law, and as it may change from time to time by judicial interpretation or by statutory enactment. Any telecommunications service (including VoIP) used by a person with a service address in the City, which service is capable of terminating a call to another person on the general telephone network, shall be subject to a rebuttable presumption that "substantial nexus/ minimum contacts" exists for purposes of imposing a tax, or establishing a duty to collect and remit a tax, under this chapter. A service supplier shall be deemed to have sufficient activity in the City for tax collection and remittance purposes if its activities include, but are not limited to, any of the following: maintains or has within the City, directly or through an agent, affiliate, or subsidiary, a place of business of any nature; solicits business in the City by employees, independent contractors, resellers, agents or other representatives; solicits business in the City on a continuous, regular, seasonal or systematic basis by means of advertising that is broadcast or relayed from a transmitter within the City or distributed from a location within the City; advertises in newspapers or other periodicals printed and published within the City or through materials distributed in the City by means other than the United States mail; or if there are activities performed in the City on behalf of the service supplier that are significantly associated with the service supplier's ability to establish and maintain a market in the City for the provision of services that are subject to a tax under this chapter.

3.40.120 Duty to collect – Procedures.

A. Collection by Service Suppliers. The duty of service suppliers to collect and remit the taxes imposed by the provisions of this chapter shall be performed as follows:

1. The tax shall be collected by service suppliers insofar as practicable at the same time as, and along with, the collection of the charges made in accordance with the regular billing practice of the service supplier. Where the amount paid by a service user to a service supplier is less than the full amount of the charge and tax which was accrued for the billing period, a proportionate share of both the charge and the tax shall be deemed to have been paid. In those cases where a service user has notified the service supplier of refusal to pay the tax imposed on said charges, EGMC Section 3.40.160 shall apply.

2. The duty of a service supplier to collect the tax from a service user shall commence with the beginning of the first regular billing period applicable to the service, where all charges normally included in such regular billing are subject to the provisions

of this chapter. Where a service user receives more than one (1) billing, one (1) or more being for different periods than another, the duty to collect shall arise, separately for each billing period.

B. Filing Return and Payment. Each person required by this chapter to remit a tax shall file a return to the tax administrator, on forms approved by the tax administrator, on or before the due date. The full amount of the tax collected shall be included with the return and filed with the tax administrator. The tax administrator is authorized to require such additional information as he or she deems necessary to determine if the tax is being levied, collected, and remitted in accordance with this chapter. Returns are due immediately upon cessation of business for any reason. Pursuant to Section 7284.6 of the Revenue and Tax Code, the tax administrator and his or her agents shall maintain such filing returns as confidential information that is exempt from the disclosure provisions of the Public Records Act.

3.40.130 Collection penalties – Service Suppliers.

A. Taxes collected by service supplier from a service user are delinquent if not received by the tax administrator on or before the due date. Should the due date occur on a weekend or legal holiday, the return must be received by the tax administrator on the first regular working day following the weekend or legal holiday. A direct deposit, including electronic fund transfers and other similar methods of electronically exchanging monies between financial accounts, made by a service supplier in satisfaction of its obligations under this subsection shall be considered timely if the transfer is initiated on or before the due date, and the transfer settles into the City's account on the following business day.

B. If the person required to collect and/or remit the utility users' tax fails to collect the tax (by failing to properly assess the tax on one or more services or charges on the customer's billing) or fails to remit the tax collected on or before the due date, the tax administrator shall attach a penalty for such delinquencies or deficiencies at the rate of fifteen (15%) percent of the total tax that is delinquent or deficient in the remittance, and shall pay interest at the rate of zero and 75/100^{ths} (0.75%) percent per month, or any fraction thereof, on the amount of the tax, exclusive of penalties, from the date on which the remittance first became delinquent, until paid.

C. The tax administrator shall have the power to impose additional penalties upon persons required to collect and remit taxes pursuant to the provisions of this chapter for fraud or gross negligence in reporting or remitting at the rate of fifteen (15%) percent of the amount of the tax collected and/or required to be remitted, or as recomputed by the tax administrator.

D. For collection purposes only, every penalty imposed and such interest that is accrued under the provisions of this section shall become a part of the tax herein required to be paid.

E. Notwithstanding the foregoing, the tax administrator may, in his or her discretion, modify the due dates of this chapter to be consistent with any uniform standards or procedures that are mutually agreed upon by other public agencies imposing a utility users' tax, or otherwise legally established, to create a central payment location or mechanism.

3.40.140 Actions to collect.

Any tax required to be paid by a service user under the provisions of this chapter shall be deemed a debt owed by the service user to the City. Any such tax collected from a service user which has not been remitted to the tax administrator shall be deemed a debt owed to the City by the person required to collect and remit and shall no longer be

a debt of the service user. Any person owing money to the City under the provisions of this chapter shall be liable to an action brought in the name of the City for the recovery of such amount, including penalties and interest as provided for in this chapter, along with any collection costs incurred by the City as a result of the person's noncompliance with this chapter, including, but not limited to, reasonable attorneys' fees. Any tax required to be collected by a service supplier or owed by a service user is an unsecured priority excise tax obligation under 11 U.S.C.A. §507(a)(8)(C).

3.40.150 Deficiency determination and assessment – Tax application errors.

A. The tax administrator shall make a deficiency determination if he or she determines that any service supplier or service user required to pay, collect, and/or remit taxes pursuant to the provisions of this chapter has failed to pay, collect, and/or remit the proper amount of tax by improperly applying or failing to apply the tax to one (1) or more taxable services or charges. Nothing herein shall require that the tax administrator institute proceedings under EGMC Section 3.40.150 if, in the opinion of the tax administrator, the cost of collection or enforcement likely outweighs the tax benefit.

B. The tax administrator shall mail a notice of such deficiency determination to the person or entity allegedly owing the tax, which notice shall refer briefly to the amount of the taxes owed, plus interest at the rate of zero and 75/100^{ths} (0.75%) percent per month, or any fraction thereof, on the amount of the tax from the date on which the tax should have been received by the City. Within fourteen (14) days after the date of service of such notice, the person or entity allegedly owing the tax may request in writing to the tax administrator for a hearing on the matter.

C. If the person or entity allegedly owing the tax fails to request a hearing within the prescribed time period, the amount of the deficiency determination shall become a final assessment and shall immediately be due and owing to the City. If the person requests a hearing, the tax administrator shall cause the matter to be set for hearing, which shall be scheduled within thirty (30) days after receipt of the written request for hearing. Notice of the time and place of the hearing shall be mailed by the tax administrator to such person or entity at least ten (10) days prior to the hearing, and, if the tax administrator desires said person or entity to produce specific records at such hearing, such notice may designate the records requested to be produced.

D. At the time fixed for the hearing, the tax administrator shall hear all relevant testimony and evidence, including that of any other interested parties. At the discretion of the tax administrator, the hearing may be continued from time to time for the purpose of allowing the presentation of additional evidence. Within a reasonable time following the conclusion of the hearing, the tax administrator shall issue a final assessment, (or non-assessment), thereafter, by confirming, modifying or rejecting the original deficiency determination, and shall mail a copy of such final assessment to the person or entity owing the tax. The decision of the tax administrator may be appealed pursuant to EGMC Section 3.40.200. Filing an application with the tax administrator and appeal to the City Manager pursuant to EGMC Section 3.40.200 is a prerequisite to a suit thereon.

E. Payment of the final assessment shall become delinquent if not received by the tax administrator on or before the thirtieth (30th) day following the date of receipt of the notice of final assessment. The penalty for delinquency shall be fifteen (15%) percent on the total amount of the assessment, along with interest at the rate of zero and 75/100^{ths} (0.75%) percent per month, or any fraction thereof, on the amount of the tax, exclusive of penalties, from the date of delinquency, until paid. The applicable statute of limitations regarding a claim by the City seeking payment of a tax assessed under this

chapter shall commence from the date of delinquency as provided in this EGMC Section 3.40.150(E).

F. All notices under this section may be sent by regular mail, postage prepaid, and shall be deemed received on the third calendar day following the date of mailing, as established by a proof of mailing.

3.40.160 Administrative remedy – Non-paying service users.

A. Whenever the tax administrator determines that a service user has deliberately withheld the amount of the tax owed by the service user from the amounts remitted to a person required to collect the tax, or whenever the tax administrator deems it in the best interest of the City, he or she may relieve such person of the obligation to collect the taxes due under this chapter from certain, named service users for specific billing periods. To the extent the service user has failed to pay the amount of tax owed for a period of two (2) or more billing periods, the service supplier shall be relieved of the obligation to collect taxes due. The service supplier shall provide the City with the names and addresses of such service users and the amounts of taxes owed under the provisions of this chapter. Nothing herein shall require that the tax administrator institute proceedings under this section if, in the opinion of the tax administrator, the cost of collection or enforcement likely outweighs the tax benefit.

B. In addition to the tax owed, the service, user shall pay a delinquency penalty at the rate of fifteen (15%) percent of the total tax that is owed, and shall pay interest at the rate of zero and 75/100^{ths} (0.75%) percent per month, or any fraction thereof, on the amount of the tax, exclusive of penalties, from the due date, until paid.

C. The tax administrator shall notify the non-paying service user that the tax administrator has assumed the responsibility to collect the taxes due for the stated periods and demand payment of such taxes, including penalties and interest. The notice shall be served on the service user by personal, delivery or by deposit of the notice in the United States mail, postage prepaid, addressed to the service user at the address to which billing was made by the person required to collect the tax; or, should the service user have a change of address, to his or her last known address.

D. If the service user fails to remit the tax to the tax administrator within thirty (30) days from the date of the service of the notice upon him or her, the tax administrator may impose an additional penalty of fifteen (15%) percent of the amount of the total tax that is owed.

3.40.170 Additional powers and duties of the tax administrator.

A. The tax administrator shall have the power and duty to enforce each and all of the provisions of this chapter.

B. The tax administrator may adopt administrative rules and regulations consistent with provisions of this chapter for the purpose of interpreting, clarifying, carrying out and enforcing the payment, collection and remittance of the taxes herein imposed. A copy of such administrative rules and regulations shall be on file in the tax administrator's office. To the extent that the tax administrator determines that the tax imposed under this chapter shall not be collected in full for any period of time from any particular service supplier or service user, that determination shall be considered an exercise of the tax administrator's discretion to settle disputes and shall not constitute a change in taxing methodology for purposes of Section 53750 of the Government Code or otherwise. The tax administrator is not authorized to amend the City's methodology for purposes of Section 53750 of the Government Code, and the City does not waive or abrogate its ability to impose the utility users' tax in full as a result of promulgating administrative

rulings or entering into agreements.

C. Upon a proper showing of good cause, the tax administrator may make administrative agreements, with appropriate conditions, to vary from the strict requirements of this chapter and thereby: 1) conform to the billing procedures of a particular service supplier so long as said agreements result in the collection of the tax in conformance with the general purpose and scope of this chapter; or 2) to avoid a hardship where the administrative costs of collection and remittance greatly outweigh the tax benefit. A copy of each such agreement shall be on file in the tax administrator's office, and are voidable by the tax administrator or the City at any time.

D. The tax administrator may conduct an audit, to ensure proper compliance with the requirements of this chapter, of any person required to collect and/or remit a tax pursuant to this chapter. The tax administrator shall notify said person of the initiation of an audit in writing. In the absence of fraud or other intentional misconduct, the audit period of review shall not exceed a period of three (3) years next preceding the date of receipt of the written notice by said person from the tax administrator. Upon completion of the audit, the tax administrator may make a deficiency determination pursuant to EGMC Section 3.40.150 of this chapter for all taxes (and applicable penalties and interest) owed and not paid, as evidenced by information provided by such person to the tax administrator. If said person is unable or unwilling to provide sufficient records to enable the tax administrator to verify compliance with this chapter, the tax administrator is authorized to make a reasonable estimate of the deficiency. Said reasonable estimate shall be entitled to a rebuttable, presumption of correctness.

E. Upon receipt of a written request of a taxpayer, and for good cause, the tax administrator may extend the time for filing any statement required pursuant to this chapter for a period of not to exceed forty-five (45) days, provided that the time for filing the required statement has not already passed when the request is received. No penalty for delinquent payment shall accrue by reason of such extension. Interest shall accrue during said extension at the rate of zero and 75/100^{ths} (0.75%) percent per month, prorated for any portion thereof.

F. The tax administrator shall determine the eligibility of any person who asserts a right to exemption from, or a refund of, the tax imposed by this chapter.

G. Notwithstanding any provision in this chapter to the contrary, the tax administrator may waive any penalty or interest imposed upon a person required to collect and/or remit for failure to collect the tax imposed by this chapter if the non-collection occurred in good faith. In determining whether the non-collection was in good faith, the tax administrator shall take into consideration industry practice or other precedence.

3.40.180 Records.

A. It shall be the duty of every person required to collect and/or remit to the City any tax imposed by this chapter to keep and preserve for a period of at least three (3) years, all records as may be necessary to determine the amount of such tax as he or she may have been liable for the collection of and remittance to the tax administrator, which records the tax administrator shall have the right to inspect at a reasonable time.

B. The City, through the City Council, may issue an administrative subpoena to compel a person to deliver to the tax administrator, copies of all records deemed necessary by the tax administrator to establish compliance with this chapter, including the delivery of records in a common electronic format on readily available media if such records are kept electronically by the person in the usual and ordinary course of

business. As an alternative to delivering the subpoenaed records to the tax administrator on or before the due date provided in the administrative subpoena, such person may provide access to such records outside the City on or before the due date, provided that such person shall reimburse the City for all reasonable travel expenses incurred by the City to inspect those records, including travel, lodging, meals, and other similar expenses, but excluding the normal salary or hourly wages of those persons designated by the City to conduct the inspection.

C. The tax administrator is authorized to execute a nondisclosure agreement approved by the City Attorney to protect the confidentiality of customer information pursuant to Sections 7284.6 and 7284.7 of the California Revenue and Tax Code.

D. If a service supplier uses a billing agent or billing aggregator to bill, collect, and/or remit the tax, the service supplier shall: 1) provide to the tax administrator the name, address and telephone number of each billing agent and billing aggregator currently authorized by the service supplier to bill, collect, and/or remit the tax to the City; and 2) upon request of the tax administrator, deliver, or effect the delivery of any information or records in the possession of such billing agent or billing aggregator that, in the opinion of the tax administrator, is necessary to verify the proper application, calculation, collection and/or remittance of such tax to the City.

E. If any person subject to recordkeeping under this section unreasonably denies the tax administrator access to such records, or fails to produce the information requested in an administrative subpoena within the time specified, then the tax administrator may impose a penalty of Five Hundred and no/100^{ths} (\$500.00) Dollars on such person for each day following: 1) the initial date that the person refuses to provide such access; or 2) the due date for production of records as set forth in the administrative subpoena. This penalty shall be in addition to any other penalty imposed under this chapter.

3.40.190 Refunds.

Whenever the amount of any tax has been overpaid or paid more than once or has been erroneously or illegally collected or received by the tax administrator under this chapter from a service user or service supplier, it may be refunded as provided in this section:

A. The tax administrator may refund any tax that has been overpaid or paid more than once or has been erroneously or illegally collected or received by the tax administrator under this chapter from a service user or service supplier, provided that no refund shall be paid under the provisions of this section unless the claimant or his or her guardian, conservator, executor, or administrator has submitted a written claim to the tax administrator within one year of the overpayment or erroneous or illegal collection of said tax. Such claim must clearly establish claimant's right to the refund by written records showing entitlement thereto. Nothing herein shall permit the filing of a claim on behalf of a class or group of taxpayers unless each member of the class has submitted a written claim under penalty of perjury as provided by this subsection.

B. The tax administrator, where the claim is less than the settlement authority established in or in accordance with any applicable section of the Code, or the City Council where the claim is in excess of that amount, shall act upon the refund claim within forty-five (45) days of the initial receipt of the refund claim. Said decision shall be final. If the tax administrator/City Council fails or refuses to act on a refund claim within the forty-five (45) day period, the claim shall be deemed to have been rejected by the tax administrator/City Council on the forty-fifth (45th) day. The tax administrator shall give notice of the action in a form which substantially complies with that set forth in

Section 913 of the Government Code.

C. The filing of a written claim pursuant to Section 935 of the Government Code is a prerequisite to any suit thereon. Any action brought against the City pursuant to this section shall be subject to the provisions of Sections 945.6 and 946 of the Government Code.

D. Notwithstanding the notice provisions of EGMC Section 3.40.190(A) of this section, the tax administrator may, at his or her discretion, give written permission to a service supplier, who has collected and remitted any amount of tax in excess of the amount of tax imposed by this chapter, to claim credit for such overpayment against the amount of tax which is due the City upon subsequent monthly return(s) to the tax administrator, provided that: 1) such credit is claimed in a return dated no later than one (1) year from the date of overpayment or erroneous collection of said tax; 2) the tax administrator is satisfied that the underlying basis and amount of such credit has been reasonably established; and 3) in the case of an overpayment by a service user to the service supplier that has been remitted to the City, the tax administrator has received proof, to his or her satisfaction, that the overpayment has been refunded by the service supplier to the service user in an amount equal to the requested credit.

E. Notwithstanding EGMC Sections 3.40.190(A) though (D), a service supplier shall be entitled to take any overpayment as a credit against an underpayment whenever such overpayment has been received by the City within the three (3) years next preceding a deficiency determination or assessment by the tax administrator in connection with an audit instituted by the tax administrator pursuant to EGMC Section 3.40.170(D). A service supplier shall not be entitled to said credit unless it first clearly establishes, to the satisfaction of the tax administrator, the right to the credit by written records showing entitlement thereto. Under no circumstances shall an overpayment taken as a credit against an underpayment pursuant to this subsection qualify a service supplier for a refund to which it would not otherwise be entitled under the one (1) year written claim requirement of this section.

3.40.200 Appeals.

A. The provisions of this section apply to any decision (other than a decision relating to a refund pursuant to EGMC Section 3.40.190), deficiency determination, assessment, or administrative ruling of the tax administrator. Any person aggrieved by any decision (other than a decision relating to a refund pursuant to EGMC Section 3.40.190 of this chapter), deficiency determination, assessment, or administrative ruling of the tax administrator, shall be required to comply with the appeals procedure of this section. Compliance with this section shall be a prerequisite to a suit thereon. (See Section 935(b) of the Government Code.) Nothing herein shall permit the filing of a claim or action on behalf of a class or group of taxpayers.

B. If any person is aggrieved by any decision (other than a decision relating to a refund pursuant to EGMC Section 3.40.190 of this chapter), deficiency determination, assessment, or administrative ruling, of the tax administrator; he or she may appeal to the City Manager by filing a notice of appeal with the City Clerk within fourteen (14) days of the date of the decision, deficiency determination, assessment, or administrative ruling of the tax administrator which aggrieved the service user or service supplier.

C. The matter shall be scheduled for hearing before an independent hearing officer selected by the City Manager, no more than thirty (30) days from the receipt of the appeal. The appellant shall be served with notice of the time and place of the hearing, as well as any relevant materials; at least five (5) days prior to the hearing. The hearing may be continued from time to time upon mutual consent. At the time of the hearing the

appealing party, the tax administrator, and any other interested person, may present such relevant evidence as he or she may have relating to the determination from which the appeal is taken.

D. Based upon the submission of such evidence and the review of the City's files, the hearing officer shall issue a written notice and order upholding, modifying or reversing the determination from which the appeal is taken. The notice shall be given within fourteen (14) days after the conclusion of the hearing and shall state the reasons for the decision. The notice shall specify that the decision is final and that any petition for judicial review shall be filed within ninety (90) days from the date of the decision in accordance with Section 1094.6 of the Code of Civil Procedure.

E. All notices under this section may be sent by regular mail, postage prepaid, and shall be deemed received on the third (3rd) day following the date of mailing, as established by a proof of mailing.

3.40.210 No injunction/writ of mandate.

No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against this City or against any officer of the City to prevent or enjoin the collection under this chapter of any tax or any amount of tax required to be collected and/or remitted.

3.40.220 Notice of changes to chapter.

If a tax under this chapter is added, repealed, increased, reduced, or the tax base is changed, the tax administrator shall follow the notice requirements of Section 799 of the California Public Utilities Code.

3.40.230 Effect of state and federal reference/authorization

Unless specifically provided otherwise, any reference to a state or federal statute in this chapter shall mean such statute as it may be amended from time to time, provided that such reference to a statute herein shall not include any subsequent amendment thereto, or to any subsequent change of interpretation thereto by a state or federal agency or court of law with the duty to interpret such law, to the extent that such amendment or change of interpretation would require voter approval under California law, or to the extent that such change would, result in a tax decrease (as a result of excluding all or a part of a utility service, or charge therefor, from taxation). Only to the extent voter approval would otherwise be required or a tax decrease would result, the prior version of the statute (or interpretation) shall remain applicable; for any application or situation that would not require voter approval or result in a decrease of a tax, provisions of the amended statute (or new interpretation) shall be applicable to the maximum possible extent.

To the extent that the City's authorization to collect or impose any tax imposed under this chapter is expanded or limited as a result of changes in state or federal law, no amendment or modification of this chapter shall be required to conform the tax to those changes, and the tax shall be imposed and collected to the full extent of the authorization up to the full amount of the tax imposed under this chapter.

3.40.240 Independent audit of tax collection, exemption, remittance, and expenditures.

The City shall annually verify that the taxes owed under this chapter have been properly applied, exempted, collected, and remitted in accordance with this chapter, and properly expended according to applicable municipal law. The annual verification shall be performed by a qualified independent third party and the review shall employ reasonable, cost-effective steps to assure compliance, including the use of sampling

audits. The verification shall not be required of tax remitters where the cost of the verification may exceed the tax revenues to be reviewed.

3.40.250 Remedies cumulative

All remedies and penalties prescribed by this chapter or which are available under any other provision of law or equity, including but not limited to the California False Claims Act (Section 12650 of the Government Code, et seq.) and the California Unfair Practices Act (Section 17070 of Business and Professions Code, et seq.), are cumulative. The use of one (1) or more remedies by the City shall not bar the use of any other remedy for the purpose of enforcing the provisions of this chapter.

3.40.260 Interaction with prior tax.

A. **Collection of Tax by Service Providers.** Service providers shall begin to collect the tax imposed by this amended chapter as soon as feasible after the effective date of the ordinance codified in this chapter, but in no event later than permitted by Section 799 of the California Public Utilities Code.

B. **Satisfaction of Tax Obligation by Service Users.** Prior to March 1, 2011, any person who pays the tax levied pursuant to this chapter, as it existed prior to its amendment as provided herein, with respect to any charge for a service shall be deemed to have satisfied his or her obligation to pay the tax levied pursuant to this chapter as amended herein, with respect to that charge. The intent of this paragraph is to prevent the imposition of multiple taxes upon a single utility charge during the transition period from the prior Utility Users' Tax ordinance to the amended Utility Users' Tax ordinance (which transition period ends March 1, 2011) and to permit service providers or other persons with an obligation to remit the tax hereunder, during that transition period, to satisfy their collection obligations by collecting either tax.

C. In the event that a final court order should determine that the election enacting this chapter (as amended herein) is invalid for whatever reason, or that any tax imposed under this chapter (as amended herein) is invalid in whole or in part, then the taxes imposed under this chapter, as it existed prior to its amendment as provided herein, shall automatically continue to apply with respect to any service for which the tax levied pursuant to this chapter has been determined to be invalid. Such automatic continuation shall be effective beginning as of the first date of service (or billing date) for which the tax imposed by this chapter is not valid. However, in the event of an invalidation, any tax, (other than a tax that is ordered refunded by the court or is otherwise refunded by the City) paid by a person with respect to a service and calculated pursuant to this chapter (as amended herein) shall be deemed to satisfy the tax imposed under this chapter, as it existed prior to its amendment as provided herein, on that service, so long as the tax is paid with respect to a service provided no later than six (6) months subsequent to the date on which the final court order is published.

Section 3: No Mandatory Duty of Care.

This ordinance is not intended to and shall not be construed or given effect in a manner that imposes upon the City or any officer or employee thereof a mandatory duty of care towards persons and property within or without the City, so as to provide a basis of civil liability for damages, except as otherwise imposed by law.

Section 4: Severability.

If any provision of this ordinance or the application thereof to any person or

circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are severable. This City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof and intends that the invalid portions should be severed and the balance of the ordinance be enforced.

Section 5: Savings Clause.

The provisions of this ordinance shall not affect or impair an act done or right vested or approved or any proceeding, suit or prosecution had or commenced in any cause before such repeal shall take effect; but every such act done, or right vested or accrued, or proceeding, suit or prosecution shall remain in full force and effect to all intents and purposes as if such ordinance or part thereof so repealed had remained in force. No offense committed and no liability, penalty or forfeiture, either civilly or criminally incurred prior to the time when any such ordinance or part thereof shall be repealed or altered by said Code shall be discharged or affected by such repeal or alteration; but prosecutions and suits for such offenses, liabilities, penalties or forfeitures shall be instituted and proceeded with in all respects as if such prior ordinance or part thereof had not been repealed or altered.

Section 6: Amendments.

This ordinance may be amended from time to time by the City Council, provided the amendments are of an administrative nature only and do not affect the methodology or amount of the tax established by this ordinance.

Section 7: Majority Approval; Effective Date.

This ordinance shall be effective only if approved by a majority of voters voting on this ordinance and shall go into effect ten (10) days after the vote is declared by the City Council.
