**Background of Department**

The City incorporated in July 2000. Historically, contract services were provided for various departments and divisions as it relates to private development. Planning Services were provided by the Planning Department; Development Engineering Services by the Public Works Department; and Building Permitting and Inspection Services by the Building Department. In February 2016, these three (3) departments/divisions merged into one department, the Development Services Department (Department), for the primary purpose of creating a "one-stop shop" for the processing of all development-related applications. In 2017, the Planning Division was transitioned from contracted services to City employed staff. Since this transition, the Planning Division has maintained a list of on-call consultants selected through an RFP process to augment its staff for both development project processing and environmental review services.

**Contract Model**

The Development Services Department currently maintains a list of seven (7) separate firms that are available to provide development project processing services and seven (7) separate firms that are available to provide environmental review services. Five (5) of these firms are available to the Department for both project processing and environmental review services. The City now desires to update these lists as the current lists are from 2017. The City is interested in contracting with reputable and qualified firm(s) to perform the services required for one or both of the services described above. All interested firms, including those already on the existing list, should submit a proposal to be considered for inclusion on the updated lists.

**Organization**

The existing organizational structure of the Development Services Department is represented by the following chart:

**\* Denotes contracted services**

**Single or Combined Proposals:**

Proposals may be submitted for either development project processing or environmental review, or both services combined. Consultants may submit a single proposal for both services.

**Late Proposals:**

Proposals arriving after the specified date and time shall not be considered, nor shall late proposals be opened. Each Consultant assumes responsibility for timely submission of its proposal.

**Withdrawal or Modifications of Proposals:**

Any proposal may be withdrawn or modified by a written request signed by the Consultant and received by the City Clerk prior to the final time and date for the receipt of proposals. Once the deadline is past, Consultants are obligated to fulfill the terms of their proposal.

**Proposal Acceptance and Rejection:**

The City reserves the right to accept any proposal, to reject any and all proposals, and to call for new proposals, or dispense with the proposal process in accordance with the Elk Grove Municipal Code.

**Proposal Evaluation and Award:**

Evaluation will be made based on the criteria noted in the Evaluation and Selection Criteria section of this RFP. The City will be selecting multiple consultants for both project processing and environmental review. Contracts will be awarded to the responsible Consultant(s) who best meet the City's needs by demonstrating the competence and professional qualifications necessary for the satisfactory performance of the required services and shall not necessarily be based on the lowest priced proposal, except as otherwise provided by law, taking into consideration adherence to the included specifications. All Consultants that were not selected by the City will be notified in writing. Nothing herein shall obligate the City to award a contract to any responding Consultant. Any contract awarded will be non-exclusive, and the City reserves the right to seek services from other sources, in the City's sole discretion.

**Register with the California Secretary of State:**

Unless Consultant is a sole proprietorship, Consultant must be registered and in good standing with the California Secretary of State within 14 days following notification of the City's intent to award a contract to Consultant and prior to execution of a final contract. Failure to timely register with the Secretary of State may result in the City awarding the contract to another Consultant. Additional information regarding the registration process may be found on the Secretary of State's website at: <https://businesssearch.sos.ca.gov/>.

**Disclosure of Submitted Materials:**

After selection and execution of the contract(s), (or prior thereto if required by law) all information and materials provided in each submittal received is subject to disclosure through a public records request pursuant to the California Public Records Act, or otherwise as may be required by law. The City, in its sole discretion, may release any submitted materials, regardless of whether such materials are marked by respondents as confidential or otherwise as protected.

**Waiver of Irregularities:**

The City retains the right, in its sole discretion, to waive any irregularities in proposals that do not comply with the strict requirements of this RFP, and the City reserves the right to award a contract to a Consultant submitting any such non-compliant proposal, all in the City's sole discretion.

**Security Access Policy:**

The work to be completed under this RFP requires access to City facilities and therefore is subject to the City's Security Access Policy, which is attached to the City's standard contract (see Attachment B). The prospective Consultant, including its employees, subcontractors, agents and anyone working on their behalf that will access City facilities, must submit to a background check which shall include Live Scan electronic fingerprinting. This background check must be completed before the Consultant will receive a Notice to Proceed. The Elk Grove Police Department shall review the background check and may deny access to any individual in its discretion as it deems necessary for the security of City facilities and personnel. A contract shall not be awarded to any Consultant that is unable to complete the scope of work as a result of denied access under the City's Security Access Policy.

**Validity of Pricing:**

Consultants are required to provide a fee structure including the hourly rate of the principals to be assigned to the matter, and proposed cost (line-item descriptions and pricing), and expense reimbursements levels, and total costs. No cost increases shall be passed onto the City after the proposal has been submitted. No attempt shall be made to tie any item or items contained in this RFP with any other business with the City; each proposal must stand on its own.

**No Guarantee of Usage:**

Any quantities listed in this RFP are estimated or projected and are provided for tabulation and information purposes only. No guarantee of quantities is given or implied by the City. Consultant must furnish the City's needs as they arise.

**Demonstrations:**

When required, the City may request full demonstrations prior to award. When such demonstrations are requested, the Consultant shall respond promptly and arrange a demonstration at a convenient location. Failure to provide a demonstration as specified by the City may result in rejection of a proposal.

**Use of Other Governmental Contracts:**

The City reserves the right to reject any part or all of any proposals received and utilize other available governmental contracts.

**Qualification/Inspection:**

Proposals will only be considered from Consultants normally engaged in providing the types of services specified herein. By responding to this RFP, the Consultant consents to the City's right to inspect the Consultant's facilities, personnel, and organization at any time, or to take any other action necessary to determine Consultant's ability to perform. The City reserves the right to reject proposals where evidence or evaluation is determined to indicate inability to perform. The City reserves the right to interview any or all responding Consultants and/or to award a contract without conducting interviews.

**Federal Requirements:**

Should any portion of these services require the use of Federal funds, all Federal requirements shall apply, and all Consultants must consent to each certification and assurance, which will be incorporated into the contract.

**Piggybacking:**

"Piggybacking" is a form of intergovernmental cooperative purchasing in which an entity will be extended the same pricing and terms of a contract entered into by another entity.

Proposers are requested to indicate on their Proposal if they will extend the pricing, terms and conditions of an awarded contract, based on this RFP, to other government agencies. If the successful Consultant agrees to this provision, participating agencies may enter into a contract with the successful Consultant for the purchase of the service and commodities described herein based on the terms, conditions, prices, and percentages offered by the successful Consultant to the City. Minor changes in terms and conditions may be negotiated by participating agencies during the term and following the award of the contract. Any such contract shall be entirely independent and separate from the City and City shall have no obligation relating to any third party contract.

**Payment Terms:**

Payment shall be made as set forth in the contract attached hereto as Attachment B. In submitting proposals under these specifications, Consultants should take into account all discounts, both trade and time, allowed in accordance with the payment terms.

**Term of Contract:**

The term of the contract will be for a specific period of time, commencing upon execution. The City reserves the right to set the term for a period deemed to be in the best interest of the City, and terminate the contract as set forth therein.

**Amendments:**

If, in the course of the performance of the contract, Consultant or the City proposes changes to the services provided, and informal consultation with the other party indicates that a change in the terms and conditions of the contract may be warranted, Consultant or the City may request a change in the contract. The parties to the contract will meet to discuss and negotiate the required documents. Upon completion of those negotiations, the negotiated documents will be submitted to the City for approval. Upon approval by the City, an amendment to the contract will be approved by all parties for the change to be implemented. An amendment shall not render ineffective or invalidate any unaffected portions of the Contract. Nothing in this section obligates the City to agree to any change order or other amendment, and the City may withhold such agreement in its sole discretion.

**Service and support:**

Consultants shall explain how all on-going service and support shall be handled by the Consultant and the City of Elk Grove.

**Records:**

The Consultant shall maintain complete and accurate records with respect to labor costs, material expenses, and other such information required by City that relates to the performance of services under the contract. The Consultant shall maintain adequate records of services provided in sufficient detail to permit an evaluation of the services. All such records shall be maintained in accordance with generally accepted accounting principles and shall be clearly identified and readily accessible and in a form acceptable to the City, which the City may specify and change from time to time. The Consultant shall provide free access to the representatives of City or its designees, at reasonable times, to such books and records, shall give City the right to examine and audit said books and records, shall permit City to make transcripts there from as necessary, and shall allow inspection of all work, data, documents, proceedings, and activities related to the contract. ## SCOPE OF WORK- Planning Division

**Background:** This RFP solicits qualified firms to provide an array of professional services to the Planning Division of the City's Development Services Department. Respondents to this RFP must demonstrate an understanding of the professional services required, the capacity to deliver these services, and the ability to tailor services to address specific issues.

The Planning Division is primarily charged with the responsibility of providing development standard, policy, and environmental review services as they relate to private site development. The Planning Division oversees the review of private site development applications by City departments, outside agencies, and the public. The City currently contracts with multiple firms to augment City Staff resources to support the activities necessary to operate Planning activities within the Department.

**Objectives:** Proposals shall clearly define the prime consultant that would be accountable to the City for all provided services, whether they are subcontracted or preformed directly by the prime. This accountability includes full fiduciary responsibility to the City for any errors or omissions made in providing services to the City.

The proposals shall also describe the entire project team (prime and sub-consultants) that will provide the professional services of the Planning Division. Proposals shall identify key staff members, their qualifications, roles and responsibilities and the level of availability of the staff to the City. In addition, proposals shall describe a staff continuing education program to ensure the staff is kept up to date in their field of expertise.

The City intends to award a contract to the firms submitting the most-qualified professional services proposal based on the Evaluation and Selection Criteria, set forth in Attachment A.

**Specifications:** The scope of services requested includes all the professional services needed to support the Planning Division. A summary of the professional services requested is shown below. The tasks outlined below provide a more detailed description for each of the primary services. The summary of services includes, but is not limited to:

- Entitlement Review Services for Development Applications
- Plan Check and Services
- Environmental Review and CEQA/NEPA Document Preparation
- Construction Inspection Services for Private Development
- Other Support Services

**Requirements:** The City desires to minimize, if not eliminate, all direct administrative charges necessary to support the above described professional and general services. Therefore, the City requests that all administrative services necessary to support the scope of services required for professional services as outlined herein, be reflected in your overhead/indirect cost rate. Administrative services include support staff, travel, training, billing/invoicing, equipment/supplies, rent/utilities, etc., and shall not be billed directly.

### Payment Provisions

Under the current contract model, most of the Department's services have been on a task order basis where task orders could be issued based on lump sum or "not-to-exceed" payment provisions. In addition, some task orders could be competitively "bid" for on-call services, as needed. Proposals shall address the impact of "pay when paid" provisions regarding work for development services projects.

## **CITY OF ELK GROVE**

### **Pricing for Services**

This section shall include the cost for requested services outlined in this Scope of Work. Consultant shall provide a summary of proposed hours of key staff and other support positions. List all staff by position classifications, responsibilities, hourly rates and estimated annual hours dedicated to each major professional service task.. The City requests that all administrative services necessary to support the scope of services in this proposal be reflected in your overhead/indirect cost rate. Administrative services include support staff, travel, training, billing/invoicing, equipment/supplies, rent/utilities, etc., and shall not be billed directly. The pricing proposal shall also identify any sub-consultants included in the proposal, the cost for the sub-consultant work and any markup by the prime for the sub- consultant work. The Consultant chosen pursuant to this RFP should note that for some facets of work, a “pay when paid” provision will be imposed on billings rendered. Consultants should take into account that the City will charge the consultant(s) a “per workstation” cost for each staff member that will be using City- furnished office space as further explained in the “Office Space Lease” section below. It should be noted that the need for in-office consultants is based on the development project review workload. The Planning Division may request in-office services for Project Processing services but not for Environmental Review services. No cost increases during the selection process shall be passed onto the City after the proposal has been submitted, except as otherwise provided for in the Contract.

### **Office Space Lease**

Consultant(s) shall be charged \$17,000 per year for each City furnished workspace, if deemed necessary, including the minimum number of workspaces required to be used. The cost of the lease includes office space, furniture, telephone, City-furnished computer and normal/routine office supplies. Consultants shall be responsible for responding to any ergonomic and/or disability accommodation needs of its employees, including, but not limited to, assessing needs and purchasing necessary furnishings and equipment.
