APPENDIX

A. RESOLUTION NUMBER 2014-42
ANNOUNCEMENT OF PRE-QUALIFICATION PROCEDURES FOR ANNUAL PRE-QUALIFICATION

Notice is hereby given that on February 12, 2014, the City of Elk Grove (City) determined that all bidders on public works to be undertaken by the City, generally with a contract value greater than $500,000, or as determined by the City Engineer, must be pre-qualified prior to submitting bids for public works. It is mandatory that all Licensed Contractors who intend to submit bids fully complete the pre-qualification questionnaire, provide all materials requested herein, and be approved by the City to be on the final Bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid on a project as a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid.

Pre-qualification applications may be submitted by email to pwbiddingquiry@elkgrovecity.org, by mail or in person during regular working hours on any day that the City of Elk Grove is open, Monday-Friday 8:00 a.m. - 5:00 p.m. to the City Clerk’s office, Elk Grove City Hall located at 8401 Laguna Palms Way, First Floor, Elk Grove, CA 95758. Contractors who submit a complete pre-qualification package will be notified by email and first class mail of their qualification status, such notice to be mailed no later than fifteen business days after submission of the information.

Unless otherwise exempted by law, answers to questions contained in the attached questionnaire, information about current bonding capacity on an aggregate and per project limit, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. The City will use these documents as the basis of rating Contractors in respect to the size and scope of contracts upon which each Contractor is qualified to bid. The City reserves the right to check other sources available. The City’s decision will be based on objective evaluation criteria.

Pre-qualification approval will remain valid for one (1) calendar year from the date of notice of qualification, except that the City reserves the right during that calendar year to adjust, increase, limit, suspend or rescind the pre-qualification ratings based on subsequently learned information and after giving notice of the proposed action to the Contractor and an opportunity for a hearing consistent with the hearing procedures described below for appealing a pre-qualification determination.

While it is the intent of the pre-qualification questionnaire and documents required therewith to assist the City in determining bidder responsibility prior to the submission of bids and to aid the City in selecting the lowest responsible bidder, neither the fact of pre-qualification, nor any pre-qualification rating, will preclude the City from a post-bid consideration and determination on a specific project of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness. Contractors are encouraged to submit pre-qualification packages as soon as possible, so that they may be notified of pre-qualification status well in advance of upcoming projects.

The pre-qualification packages should be submitted under seal and marked “CONFIDENTIAL” to the City of Elk Grove, Attention: City Clerk, 8401 Laguna Palms Way, Elk Grove, CA 95758. Pre-qualification applications may be submitted during regular working hours on any day that the City
of Elk Grove is open, Monday-Friday 8:00 a.m. - 5:00 p.m. If the applicant submits by email to pwbidinquiry@elkgrovecity.org, the subject line shall state “Pre-Qualification Application”.

The pre-qualification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law, although the contents may be disclosed to third parties for the purpose of verification, investigation of substantial allegations, and in the process of an appeal hearing. State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the City and provide updated accurate information in writing, under penalty of perjury.

The City reserves the right to waive minor irregularities and omissions in the information contained in the pre-qualification application submitted, to make all final determinations, and to determine at any time that the pre-qualification procedures will not be applied to a future public works project.

A contractor who has submitted a completed application form, and who receives a rating of “not qualified” from the City may appeal that determination. There is no appeal from a finding that a contractor is not pre-qualified because of a failure to submit required information, but re-application is permitted. A contractor may appeal the City’s decision with respect to its request for pre-qualification, and request a hearing, by giving notice and submitting a deposit of one thousand dollars ($1,000) to the City no later than ten (10) working days after receipt of notice of its qualification status. Unless a Contractor files a timely appeal, the Contractor waives any and all rights to challenge the qualification decision of the City, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than 10 working days after the City’s receipt of its Notice of Appeal and the $1,000 filing deposit. The hearing so provided shall be an informal process conducted by a panel to whom the City has delegated responsibility to hear such appeals (the “Appeals Panel”). At or prior to the hearing, the Contractor will be advised of the basis for the City’s pre-qualification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the pre-qualification determination. At the conclusion of the hearing or no later than one day after completion of the hearing, the Appeals Panel will render its decision. The date for submission and opening of bids for a specific project will not be delayed or postponed to allow for completion of an appeal process.

**Note:** A contractor may be found not pre-qualified for bidding on a specific public works contract to be let by the City, or on all contracts to be let by the City until the contractor meets the City’s requirements. In addition, a contractor may be found not pre-qualified for either:
(1) Omission of requested information or
(2) Falsification of information
